WEDNESDAY EVENING, APRIL 11, 1917.

We are at war!

Did you say you knew it?

Yes, but you don't realize it.

They say that many of the drunks come from DuBois

here. But the two we saw yesterday morning got it right.

Americans were profoundly affected last week by news from the republic of Cuba. President Menocal addressed the Cuban congress in a very patriotic message calling the attention of the members to the German assault upon civilization and emphasizing the stand taken by the United States. It was the firm conviction of President Menocal that Cuba should take her place beside the great American republic. German submarine depredations are directed as much against Cuba as against any other nation, and it is the duty of Cuba to come to the aid of the United States, the powerful friend without whose help there would have been no republic. The declaration of war between that country and Germany will be of immense assistance to the United States and its allies because of the value of her ports.

A remark overheard this morning is illustrative of the unbelieving and incomprehensible American who has for so long enjoyed peace, health and prosperity, that it is impossible for him to realize that we are at war and that worse than we have seen will happen. The remark referred to was in the form of a question as to whether the news of yesterday in regard to the heavy loss of life at the Eddystone plant had been confirmed. He even thought that there was a possibility or a hope that the explosion had never occurred and that "it was all a newspaper story." The gentlemen must remember that we are at war with an enemy that gives no quarter and asks no quarter. Newspapers are not anxious to print any news of this character except for one reason and that is to bring home to those of his ilk that war is a horrible certainty and that the enemy is getting the march on us while we are waiting to have the rumor confirmed. We live in a great era. News agencies are warning us of great dangers by transmitting the happenings of war all over the nation a few minutes after their occurrence. Still there are some who spend all their time in vain hopes, trust to luck then, in the end, wonder why Germany can do great things. Judging from the record of Germany's military acts, hope will be synonymous with do and luck is the offspring of well defined plans.

Presbytery Synod Passes Resolutions

Badense Action of President in Declaring War on Germans

Mt. Union, Pa., April 9, 1917.
The following was unanimously adopted by the Huntington Presbytery today:

Resolved:—That the Huntington Presbytery Synod of Pa. in regard to the session at Mt. Union, Pa., April 9, hereby expresses its earnest protest against the war upon the German people, and that this body as a whole, in the following Christian men and women of this

earnest support of whatever measure the government shall deem best for the prosecution of the war.

And resolved:—That the synod clerk be authorized to spread the resolutions on the minutes and a copy be sent to President Wilson.

TRINITY METHODIST CHURCH TONIGHT

The Rev. W. W. Hartman will conduct the prayer meeting service at the Trinity Methodist church, 10 p.m. The subject of a short address will be "The First Paper of the war upon the German people." The service will last one hour. Following the regular meeting, the Official Board will be held.

The Result of Thrift--INDEPENDENCE

The practice of thrift is financial preparedness. When the opportunity offers to make a profitable investment, the man who has the Thrift Habit is ready to take advantage of it.

You sign your personal "Declaration of Financial Independence" when you start to practice Thrift with the WILL to make it a life habit.

It is in your own hands. Will you be independent; or will you be one of the 90 per cent. who are dependent on others in their old age?

Let us help you to become financially independent.

BUSY DAYS FOR MAKERS OF LAWS

Important Bills Are Appearing on Calendar.

MAY WORK EVERY EVENING

In Endeavoring to Keep Up House is Likely to Labor Overtime—Capital Punishment, State Police Increase, Civil Service for City Firemen and Other Measures Being Considered.

Harrisburg, Pa., April 10.—Bills of vital importance are now on the calendar to be voted on by members of the two branches of the legislature in a short time. It is expected that in the next ten days will bring forth national measures of general interest and signs point to every legislator having his hands full until the close of the session. Many anticipate plenty of night work in trying to keep up with the output of the committees.

The general appropriation bill made its appearance last week, and since been returned to committee for necessary changes. In regard to departmental appropriations, a subcommittee is at work looking into various items and as soon as this investigation task is gotten through with the two chairmen, Dickinson and Woodward, will be ready to whip appropriations into shape.

In addition to the bill to increase the state police force, this week's house calendar contained the Township Code bill to abolish capital punishment which passed the senate a few weeks ago, as well as the bill giving a jury the power to decide whether the punishment is a first degree case should be death or life imprisonment.

Township Code.
The township code is also on the calendar. This is of great concern to the townships of the commonwealth. It codifies into one general law the hundreds of acts that have been passed of affecting townships of the two classes. This code was prepared by the legislative reference bureau and the object is to simplify township laws, as was done in the matter of borough laws two years ago. The borough code is proving a great convenience to lawyers and officials of such municipalities and it is believed the general law covering all township acts will likewise be of inestimable benefit to persons interested in townships. Representative Dickinson has introduced the township code.

Catlin's bill giving firemen in third class cities the benefit of civil service went through this week and is now up to the governor for his approval. Another Catlin bill, regulating boxing contests has passed the senate and is in the house committee.

The equal suffrage amendment has been reported out of committee with an affirmative recommendation and is now on the calendar.

Health Insurance Here.
Considerable attention has been attracted among the members by the bill presented by Representative J. J. Dean, of Lancaster, to establish a state fund of health insurance in Pennsylvania. It contemplates state participation and was prepared after four years of investigation and study under the direction of the American Association for Labor Legislation, cooperating with the American Medical Association and representatives of labor and industry. This bill is being introduced in the legislature this year.

The bill provides compensation for losses due to sickness to all manual workers and all others earning less than \$100 per month. It covers any sickness or accident not within the scope of the workmen's compensation act. Benefits include medical, surgical and nursing attendance; medical and surgical supplies; material benefits for children; cash benefit for a maximum of twenty-five weeks in a year; and a limited funeral benefit. The state is to assume one-fifth of the cost of insurance; benefits are to be paid by employers and the remaining two-fifths by employees. Local mutual health funds are created for the administration of these benefits and are to be under the joint control of the employers and the insured employees.

Compensation Amendments.
The house committee on Labor and Industry has reported favorably the Woodward bill making a series of amendments to the workmen's compensation act. They were prepared by the labor organizations of the state. The most important amendment is for increasing the compensation from fifty to sixty-six and two-thirds per cent of the wages for disability. Another amendment would shorten the maximum for disability at the end of the first seven days instead of fourteen as at present.

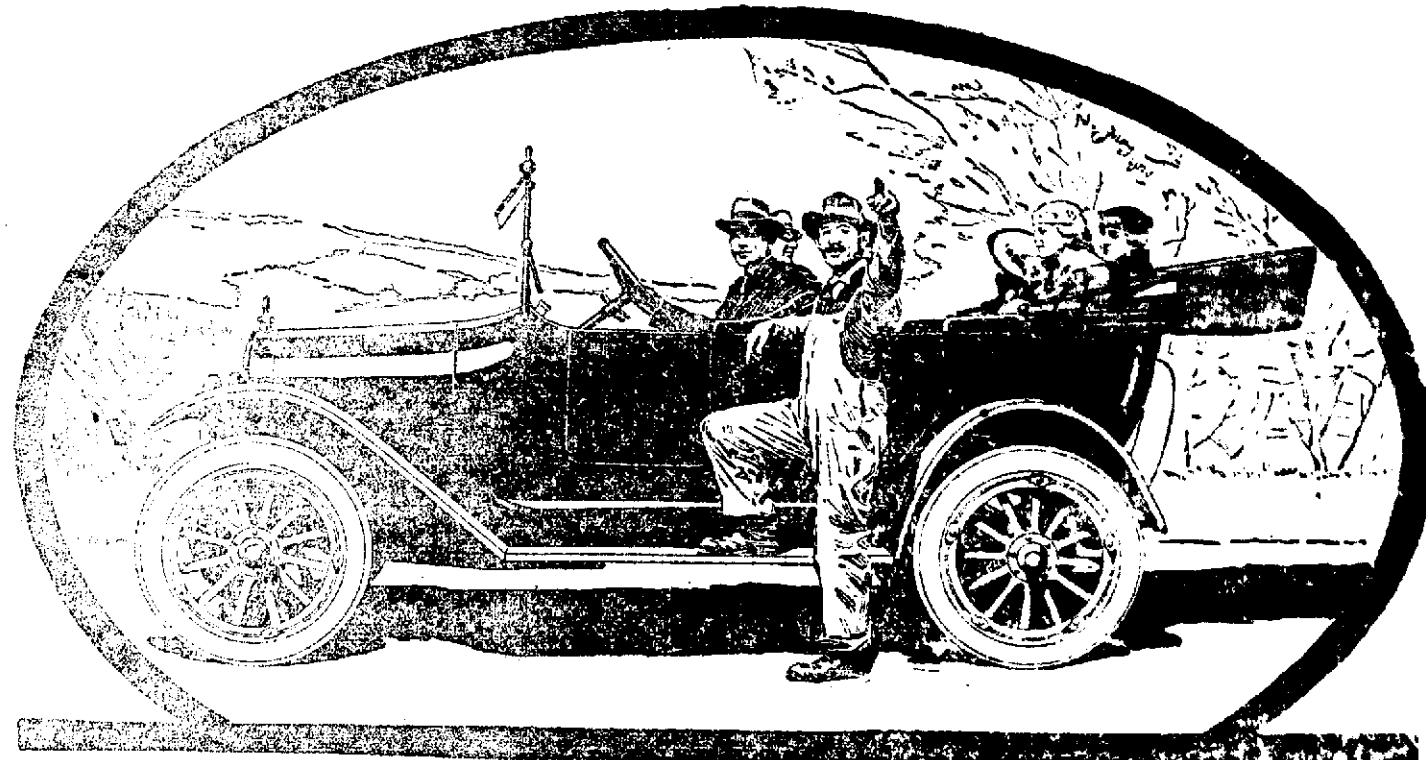

Another bill reported by the same committee provides that the payment for medical and hospital care shall not exceed the prevailing rates. This also was introduced by Representative Woodward.

Under the terms of a bill introduced in the house by Representative Woodward, Harrisburg, women will be made in the future to receive the same pay as men in similar positions.

The measure provides for the appointment of a permanent committee of education to study the needs of the state in regard to education. The committee will report to the governor and the legislature.

Cloud the new High School building, which is now under construction, is expected to be completed in the near future. The building is a fine example of modern architecture and will provide for the needs of the district.

A-11-01 food for some needy

Prices Increased May 1st Order Now and Order Quick

We have expected a price increase right along and only the immense quantity being produced will enable us to sell at the May 1st price—we, of course, have no assurances that further increases in price will not be necessary.

Everything that goes into the Maxwell is the best—this we do know and can prove.

The steel is the finest that money can buy—the motor—no finer, no tougher, no steadier can be built according to our experience and the steeper the hills and the tougher the roads the more the Maxwell seems to like them.

Our April allotment will be delivered to us at the old price. That's agreed and that's fair to us and we are going to be fair to our customers.

—But—after May 1st, we can't buy a Maxwell for a penny less than the new price and we shan't sell you one for a penny less than \$665.

Come in—study this car—see if we are right or wrong about it.

When we say highest value, we mean it and we can prove it by any known tests or standards.

We put it up to you to judge after you consider these features.

Maxwell Style Same as Highest Priced Cars

The Maxwell lines are pleasing to the eye. The design conforms exactly to the prevailing style, as illustrated by any number of high priced motor cars.

Comfort to the Point of Luxury

The Maxwell car is roomy. It seats five passengers in comfort. There is plenty of leg room in front and rear. The long semi-elastic Maxwell springs and the soft, extra-deep upholstery make riding easy.

150,000 Miles Not Unusual

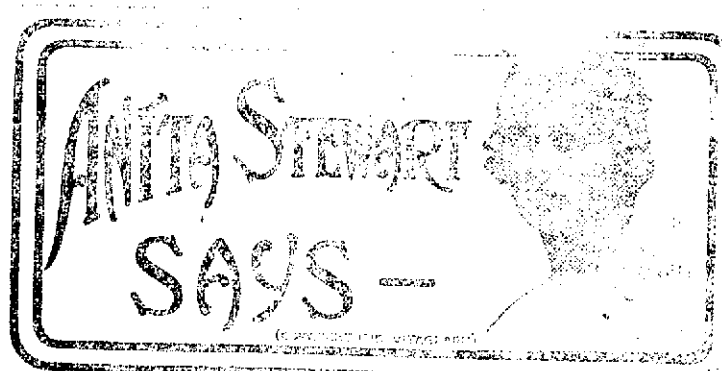

There are Maxwell cars in daily use which have already run over 150,000 miles. Think of it—more than 25 years of average driving! There are Maxwell cars in the mountains and in sections where there are rough roads or no roads, that have gone 50,000 miles—50,000 miles that would wreck and tear most cars to pieces.

The World's Endurance Champion

This record was set by a five-passenger Maxwell stock touring car, by running for 22,022 miles—44 days and nights—WITHOUT

Smith & Barger Sales Company,
Clearfield, Penna.

FOR THE GIRL OF THE YEAR

Many girls do not realize that they can be the Girl of the Year in their school. They are too busy with their school work and their social life to think of doing so.

I quite appreciate the fact that the Girl of the Year is the one who is the most popular, the one who is the most successful in her school work and in her social life. I have created a plan for the Girl of the Year contest. It is a plan that will help you to become the Girl of the Year in your school.

I have in mind a girl of the year who is the most popular, the one who is the most successful in her school work and in her social life. I have created a plan for the Girl of the Year contest. It is a plan that will help you to become the Girl of the Year in your school.

Every girl who wants to become the Girl of the Year in her school should enter the contest. It is a contest that will help you to become the Girl of the Year in your school.

When you enter the contest, you will receive a copy of the contest rules. These rules will tell you everything you need to know about the contest.

Daddy's Bedtime Story—

HOW TOM THUMB WENT HOME

JACK and Evelyn clapped for daddy to begin. So he did. "When Tom Thumb got thrown out in a cow's stomach it almost seemed as if he never would get home to his daddy. He crawled and turned and pushed till he almost got out of the stomach, planning to walk home. When along came a hungry wolf and swallowed the cow's stomach in one gulp. As the wolf ran along Tom had a great fear that he was being carried away from home. So he decided that perhaps the wolf would like to talk to him and called out cheerily, 'I know a great treat for you, my friend.' 'What's that?' said the wolf, much interested. 'In a certain house—and Tom described his own home—'you can crawl through the drain into the kitchen, and then into the pantry. There you will find cakes, ham, beef, roast pig, apple dumplings and everything that your hungry heart can wish.' 'The wolf did not wait to be told twice and trotted off in the direction that Tom had described. By nightfall he had reached the house and crawled in through the drain into the pantry, where he ate a drink to his heart's desire. Soon as he was full he wanted to get away, but he had eaten so much that he could not get out through the drain the way he began in. This was just what Tom Thumb had counted upon. And now he began to make a great noise and shouted as loud as he could. 'What's that?' snarled the wolf. 'You'd better open everybody in the house.' 'You have had your frolic, now I want my dinner,' said Tom. And he began to shout and sing again. 'These soon awakened his father and mother, who looked through the crack of the door into the kitchen. They were sadly frightened at sight of the wolf, and the father ran for his ax. 'Stand behind the door, my little son!' then heard the father say to his mother. Then Tom cried out, 'Father, the wolf has swallowed me, so be careful.' Of course the parents were delighted to know that their tiny little son was home again, and soon as they had skinned the wolf Tom popped out on to the kitchen floor. 'Where have you been?' cried his mother. 'In a mouse hole, in a snail shell, down in a cow's stomach and inside of this wolf,' answered Tom Thumb truthfully. And this seems true to have some friends. 'Then they gave Tom a good bedtime story and told him that they were to have him come back. And Tom felt that there was no place like home."

Jeffrey Squad Solves Difficult Haulage Problem

Because a Jeffrey Quad proved its ability to negotiate the heavy mud roads leading into a tract of timber near Erie Pa., after teams and rear drive trucks had been abandoned in despair, the Conneaut Shovel Company of Conneaut, Ohio, saved 10,000 feet of first quality white ash.

"We purchased this timber under a contract with a teaming concern to haul the logs into Erie at \$7.50 per thousand loaded on the train," says G. W. Benton, secretary, treasurer and manager of the Conneaut Shovel Company in a letter to C. W. Nash, president of The Nash Motors Co.

"The teamsters went into the woods with three big teams and worked two months. At the end of that time they had made no advancement and we were forced to loan them money to continue their contract, incidentally advancing the price per thousand to \$10.50. They finally threw up the contract.

"We then tried to sub-let the job but found that it was impossible to get anyone to undertake it. I called a directors' meeting and laid the case before them. They suggested trucks. The writer went personally to several of the big motor truck factories and asked for demonstrations. But I found that none of the rear drive units could hope to cope with the problem.

"Then I went to Kenosha and saw a Jeffrey Quad perform. In this demonstration the truck was loaded down with pig iron and driven down to where dumping from various excavations had been piled. When this field the demonstrator simply turned at a right angle to the road and the truck waddled up the curb, across the side walk, and through piles of loose earth that came up to the body. holes, over railroad ties the truck kept on its way as if this performance. But after watching the test I was convinced of the solution of our hauling problem.

"We tried the Quad on the timber we found that we could bring a Erie, we found that we could deliver to our factory for almost about that it would otherwise cost for just hauling it to Erie it on the train. In other words we effected a saving of \$7 a bringing in this timber.

"hat time this truck has been driven through the deep sand along f Lake Erie where teams were unable to load up their quota of float. We have climbed wash banks on the creeks south of here a logs where all teams, trucks and automobiles gave up in de- even drove it into a moulding sand pit where no team has ever pull a load out and where four horses are often stuck with a We backed through this pit when one end of the truck was down that the frame dragged on the sand. But the Jeffrey out without scarcely an effort."

Frank Bilger, of Joplin, Mo., is spending a few days in Clearfield attending to business.

Mrs. Charles Picard, August Picard and daughters Elizabeth and Mary and Frank Ward returned to their homes in Frenchville this morning after spending a few days here.

Miss Mary Leigey returned to her home in Frenchville this morning after spending a few days here.

Mrs. Orle Reigthal and daughter, of Curwensville, spent yesterday with Mrs. Ruth Wisor.

Mrs. E. A. Thompson and daughter of Mahaffey, were Clearfield shoppers today.

Mrs. Roland Swope, of Curwensville, was a Clearfield visitor yesterday.

Mrs. H. P. Dowler left yesterday for Patchville to spend a few days with her mother Mrs. A. W. Patchin.

Miss Elizabeth Dowler returned to her home in Burnside yesterday after a visit at the home of her brother Mr. P. Dowler on Market street.

Emile Yoakum, of Bisbee, Ariz., who has been visiting his school friend Cortez Bell, left this morning for Washington before returning to his home.

Fred Graham of Shawville was in town on business today.

Mr. and Mrs. A. W. Leonardson and Mrs. Ruth Barnett left this morning on a shopping trip to New York City.

The Secret of Good Coffee

THERE'S no secret to always having rich, mellow, clear, satisfying coffee of tempting aroma, except the use of Golden Sun. Cut by special process Golden Sun is free from chaff. Each cup pours crystal clear. Packed in air-tight cans it comes to you heavy with the fragrance of best coffee freshly roasted. Sells at a modest price, without premiums, at grocers only.

"THE GIRL PHILIPPA"

Blue Ribbon Feature Will be a Special Feature at The Globe Theatre Thursday and Friday

The Picture That Broke New York Theatre Records. Smashing, red blooded love drama of the Great War

THE PLAY

"The Girl Philippa," from the pen of America's greatest novelist, is a tale of two hearts told in terms of love, war, of beauty and adventure.

Aglow with color and romance—alive with movement and action—set in an atmosphere charged with secret agents, society intrigue and blood lust—the magic spell of the author's genius has woven a delightful love theme that charms and pleases.

To the strength of the author and the charm of the star add the Greater

IT HAS BEEN SAID

"The Backyard Garden Will be the First Line Trench"

You'll be less efficient in your trench without the proper equipment. You will have thousands of enemies that will "dig themselves in." Prepare! Come around and be "mustered in" with the other "rockies" that are getting their garden tools at this store.

RAKES, HOES, SHOVELS, SPADING FORKS, HAND WEEDERS, ONION HOES, TRENCHING SPADES, MANURE FORKS.

Mostly KEEN KUTTER tools—the kind that we can personally guarantee and be glad when we sell you one.

House-Cleaning Sale of Rugs and Curtains

A Rug Display Unusual---At Prices Providing Surprising Values. (In the Basement.)

An additional space has been allotted to this display of rugs. And we've seen to it that the values are such as to command the interest of every home lover—particularly those who want to secure the very best rug possible at the price set aside for its purchase. Practically all sizes are involved and include Wiltons, velvets, Axminsters, Body Brussels and tapestry. Among the most notable values are the following:

Room size rugs from \$6.75 to \$25.00

A 3x6 Foot Axminster Rug at \$2.95

This is a size rug that always fits in a bare spot and can be used in any part of the house. The colorings are soft, rich and pleasing. Heavy nap and give splendid service.

9x12 Foot Seamless Velvet Rug at \$19.95

This rug is one of the finest examples of American weaving we've seen in many a day. They have no superior. Extra hard woven finish and designed to give lifelong service. The designs portray the patterns of the very highest priced rugs made. Some are in rich, plain colors with just a border in contrasting shade.

Curtains Add To The Attractiveness of Your Window

Bare windows have a very uninviting appearance. They seem to make you feel as if the people inside are "cold" and that your visit might not be welcome. So really, a pair of curtains at the window—it matters not how simple the design—adds warmth and attractiveness to your home. When you can buy scrim curtains for as little as 75c a pair or plain voile curtains with just a simple design for as little as \$1.50 a pair, it should be a very simple matter to have your window drapings in harmony with your ideas. Curtains of finer grades including panels, trimmed with real lace \$2.50 each

Sheer Mercerized Voile Curtains at \$1.75 the pair

The size is 2 1/2 yards long and about 38 to 40 inches wide. Edged with cluny pattern lace, real hand-drawn work and a medallion forms the border design. May be had in white.

Scrim Curtains 2 1-2 Yards Long \$1.00 the pair

Very serviceable curtains and especially so where they need to be changed often and laundered. Splendidly made in every way; edged with novelty and cluny lace producing a very attractive effect.

Wayne Cedar Wardrobes

for furs, dresses, coats and suits are tight, moisture, moth, germ and dust proof. The ing device keeps out dust and moths. Prices from 50c

A. W. LEONARDSON CO

Vitagraph's power of presentation, which is backed by twenty years of "knowing how," and you have a film that is unbeatable from every angle of entertainment.

"The Girl Philippa" is fragrant as the wild rose. The tempo is like the speed fire of a machine gun. The story plays the music of the heart.

THE STAR

A mere slip of a lass, a whole-ome, sprightly-charming wood violet? How else can one typify Anita Stewart?

Radiating the spirit of joy and naturalness—imbuing all her portrayals with that subtle quality of "soul"—Anita Stewart's characterization of "The Girl Philippa" reaches the highest point of her dramatic achievement.

She has beauty—she has poise—she has magnetism. She is dainty in manner—poised in action—and finished in performance. Her wide range and control of delicate emotions—her ability to register her feelings and thoughts so as to convey them across the screen, her rare grace of body and her finely chiselled features, not only make her the ideal Philippa, but America's most popular heroine.

FOR CORONER

We are authorized to announce the name of H. H. Lewis, of Surveyor, Girard township, as a candidate for coroner of Clearfield county, subject to the rules governing the Republican party at the coming fall primaries. P. O. Address, Surveyor, Pa.

Advertise in the Progress

Low Shoe Cods Not in Sight

Service in a shoe store is something more having a clerk take a pair of shoes from the rack and put them on your feet. To us it is not alone in fitting customers properly but keeping them informed as to style and price changes.

And so we feel it is our duty at this time to you that indications point to a continued scarcity of leathers and the possibility of higher prices.

We have no further object in telling you than to advise those in need of shoes to take advantage of the low prices which prevail now, rather than to wait a little longer and perhaps be obliged to for further increased costs in good shoe manufacture.

Such is our idea of a modern shoe merchant

U. S. Captures Schooner Laden With 25,000 Rifles and Gun Shells Enroute to Villa

The Stars and Stripes Will Fly On The Battlefields of France Upheld By Americans In U. S. Uniforms

BRAZIL HASN'T MADE WAR DECLARATION

(By United Press)
Washington, April 11.—The stars and stripes will fly on foreign soil within a week. The Lafayette squadron of the French flying corps has been privileged by the French military authorities to wear the American uniform and carry the American flag, according to dispatches from Paris today. The corps is composed largely of American aviators.

Dispatches were also received detailing the success of Field Marshall Haig's offensive against the enemy. In the long drive the village of Monchy and the heights of La Bergere were taken and "satisfactory progress was made elsewhere."

The British encircling movement against St. Quentin is improving. Northeast of St. Quentin the territory is swept clean of Germans.

Further indications are that American troops will do their first fighting in the south was carried in dispatches received from Santiago, Chile and San Diego, Cal. today. The former reports the mobilization of German reservists in Chile for service in Mexico. The reports were of sufficient importance to warrant the diplomats in cabling the news to their home governments.

Details leaked today of the capture of a schooner carrying 25,000 rifles and 4 1/2 million rounds of ammunition to Villa. United States department agents received word of a purchase of large supplies of munitions by Villista sympathizers and were on the look-out for suspicious craft. The schooner carrying the contraband was sighted and she was shelled across her bow. The captain piloted the vessel inland and beached her in an effort to prevent capture. Her cargo was valued at \$1,500,000.

There was general jubilation throughout Brazil regarding the possibility of war. Newspapers bitterly censured the government for not being more drastic in their action. They demanded the resignation of Foreign Minister Muller who is of German descent.

Brasil merely broke relations with Germany.

Uncle Sam Censors All Letters On Ships

Your Letter is Printed and No Other
News Can Be Given

(By United Press)
New York, April 11.—The rigid form of censorship now in effect on board the vessels in the American fleet was revealed upon receipt of a printed postal card at the marine corp headquarters here today. The only form of communication is by those printed cards which carry messages on the back. The writer marks out all the sentences he does not wish to use.

A card was received from a marine on board the Delaware. He said: "I am well. I have received no letter from you lately."

Other sentences, "I have been in the hospital. I am recovering. I have been wounded. I was scratched out. No message is allowed to be written on the backs which will give to sweethearts at home a thrill."

COURT NOTES

In an opinion filed yesterday evening Judge Bell set aside the finding of the jury in the now famous Brady township cow case or deal. It will be remembered that E. H. Harmon brought suit against his neighbor W. H. Marshall for \$30 which he alleged Marshall owed him following the purchase of a cow which proved to be just the opposite of what he expected it to be.

The case was tried at February court and the jury returned a verdict in favor of Harmon for \$25.

An appeal was taken and argued and Judge Bell's decree now reverses that finding and more litigation will likely follow.

Miller & Hartwick presented a petition yesterday in which they ask the court for a dissolution of the brick-making concern of W. H. Wynn & Co., Inc. A rule was granted returnable May 7, 1917. The dissolution was asked for following the action of the stockholders on February 24, 1916.

ARGENTINE WILL REMAIN NEUTRAL

By Charles P. Stewart
(By United Press)
Buenos Ayres, April 11.—Argentina today formally "recognized the justice" of America's declaration of a state of war against Germany, but announced her strict continuance as a neutral. Just exactly what the formal announcement was is not made clear—but it was accepted as a plaid bid to the United States in an effort to avert the threatened embargo on coal to Argentina.

WILL ENTER SERVICE

M. E. Troxell of the Third Ward, has affiliated himself with a company of engineers which is being recruited by a New York city concern and will be equipped and presented to the government for service in the war with Germany.

Mr. Troxell is a veteran of the Spanish American war and expects to be called for service in a few days.

Milton R. Goss of the Third Ward, enlisted in the navy at the DuBois recruiting office last week.

HUMANE SUNDAY April 22nd 1917

Will all ministers in the county preach one sermon on this date or as nearly as convenient, on the subject of Humane Education and report to Miss Mary Whitehill? Clearfield county W. C. T. U. superintendent of Humane Education, Clearfield, Pa.

WILL FLY HIGH

It is said that two of Clearfield's prominent young business men have offered their services as recruits for Uncle Sam's aviation school now being formed and expect a call any time.

The Monday night dancing class will hold a dance on WEDNESDAY NIGHT, April 11th in the Dimeling ball room. A10-2c L. C. BARRETT

KEYSTONE STATE TO GIVE HUGE WAR FUND

Legislators Seeking Various
Ways And Means Of Assist-
ing Government In War

WILL TRAIN SCHOOL CHILDREN

Harrisburg, Pa., April 11.—That Pennsylvania will be no laggard in the matter of assisting the national government in the war with Germany was shown by the introduction of a bill in the senate and house calling for an appropriation of \$2,000,000 for state defense. Senator Buckman sponsored the measure in the senate and Representative Woodward in the house.

SENATOR CLARENCE J. BUCKMAN
Senate Chairman of Appropriation
Committee.

It is known that the amount speeded in this bill does not represent the exact financial contribution from Pennsylvania. Within a few weeks bills aggregating as high as \$5,000,000 will be presented for the same purpose and probably passed without any difficulty.

The bill as originally drawn gave the governor discretionary power in the matter of the war fund, but the plan now is to create a board consisting of the governor, auditor general, state treasurer and, probably, representatives from the two branches of the legislature. They will supervise the fund and take executive charge of the work of placing Pennsylvania in the front as an auxiliary to the government at Washington.

Military Training in Schools. Coincident with the offering of the fund bills, committees were named to investigate the question of military training in the public schools. A bill to bring this about will shortly be presented and there is but little question of its passage.

There are several bills before the legislature on physical training in the schools. The advocates of these measures believe that military training is too revolutionary a step and feel that the same object can be met by physical training. Indications are, however, that at this critical period military training will be given the right of way and a bill calling for it sent to the governor for his approval.

In view of the probable necessity of using the highways of Pennsylvania for the transportation of troops and war vehicles bills for certain road appropriations are being vigorously pushed.

Last week a bill appeared giving insurance companies the right to do insurance business in this state against bombardment during a war. Certain large munition plants desire to take out this kind of insurance and on account of restrictions in the law are unable to do so.

So Soldiers May Vote.

Senator William S. McKee, of Allegheny, who is colonel of the First field artillery of Pennsylvania, presented a bill which will provide a better means for soldiers to vote at elections while in service. The bill provides that the commanding officer of each company, battery and troop unit, shall furnish to the adjutant general the names, addresses and voting precinct of all soldiers in his command. The adjutant

Bond Issue Bill Will Be Passed By Friday

Report of Finance Committee
Will Be Reported Tomorrow

Harrisburg, April 11.—Majority leader Kitchen today introduced in the house the administration bond bill. The bill was reported favorably and will be passed in the house not later than Friday. The bonds will bear 3 1/2 per cent interest. A series of war conferences will be held from time to time between the United States and representative of the entente allies both in this country and abroad it was learned today. Cooperation will be asked of France and England to assist in the safe arrival of food and other supplies at entente ports. As war proceeds the war conferences will have even a broader scope.

Baseball Season Opened Today

Boston-New York Game Postponed on
Account of Snow

By H. C. Hamilton

(By United Press)

New York, April 11.—Fears of a great war in America did not trouble the 16 teams of the American and National leagues which skidded into their 1917 base ball campaign today. The weather was excellent. Only one game of the eight scheduled was called off. In Boston the snow was piled too high for the Giants and Braves. The game was postponed one day. In New York two games were called. The weather was bright and chilly with warmer weather promised by noon. The Yankees will meet the Red Sox and Brooklyn the Phillies.

Detroit, Cincinnati, Chicago, Philadelphia and St. Louis went to the bat in weather that was a decided change from winter to balmy spring. Ex-Governor John K. Tener president of the National League went to Cincinnati last night. He will be the guest of the Reds who play the Cardinals. Tener predicts the greatest season in baseball history. He points out that the people will grow tired of the war news and will turn to base ball as the logical diversion.

LAST NIGHT'S FIRE

Old Mooley bawled "17" at 8:15 last evening and the firemen soon located a blaze on the second floor of Sam Toney's store opposite the P. R. R. station on Third street. The room over the store are fitted up as a flat where Mr. Toney and his family live. The fire started in a closet or cupboard under the chimney immediately back of the cook stove on the second floor and had a pretty good start when discovered. Hand chemists, tanks and a few buckets of water soon removed all danger of a conflagration. The loss was small but it was a close call.

GOES TO RICHMOND

Billy Adams, the local boy who went south with Connie Mack's Athletics, failed to land in the "big ring" this time but Mack located him nearby the Richmond, Virginia team. In a letter to his home folks Billy speaks in glowing terms of the able leadership of the Athletics and says he is the first manager he ever came in contact with and a man who spurs no pain in instructing the "rookies" fortunate enough to land with him in the finer points of the game.

"A Festival of the Nations" over one hundred children in folk dances for the benefit of the hospital. Friday night, April 13th. A-11-30

general in turn is to transmit this information to the commissioners of the respective counties. The commissioners must then prepare the ballots for each election precinct in which soldiers reside and forward them to the secretary of the commonwealth, who is to forward them to the regimental commander. The ballots must include the names of all officers to be voted for at said elections.

Many soldiers participated in the big patriotic meeting on Tuesday day evening and at which James W. Gerard, former ambassador to Germany, was a principal speaker. He beseeched the American people to exert every effort to uphold the government and did in that way only can the present struggle be brought to a speedy and successful end.

The United States must enter the war. Great Britain in order to win the war may not be allowed to use the right of militarism and militarism may not be a movement and may not be a power in its power. The war is one of the most significant and dramatic events in all human history since the fall of the Roman Empire.

Hundreds Inspected New High School

Continual Pilgrimage From Early in
Evening Until Late at Night

Hundreds of people from Clearfield and nearby towns took advantage of the opportunity of inspecting the new High School building last evening. From seven o'clock until long after ten there was a continual stream of enthusiastic visitors to the Temple of Learning. Not one adverse criticism was heard and it is a safe thing that the huge building is the pride of the city.

Thayer's Orchestra and the High School band were on hand to calve the evening and many tarried to listen to the beautiful renditions of marches, overtures and other musical productions. Tonight the real dramatic exercises will begin and there is no doubt but that the spacious auditorium will be well crowded for the event.

PURCHASED VALUABLE PROPERTY

W. P. Sheeder, of Sheeder's Must store closed a deal this morning whereby he becomes the owner of the property on Second street occupied for so long by Kreher's meat market. Mr. Sheeder expects to remodel the building and move his music store from the Schryver building to the new location.

BILL AUTHORIZING ONE BILLION MEN INTRODUCED

Washington, April 11.—A joint resolution authorizing the President to call one billion volunteers was introduced in the senate today by Sherman of Illinois. The resolutions provides for the calling of 500,000 men in the first call.

SUB BIDS OPENED

Washington, April 11.—Bids for the construction of 38 submarines were opened by the navy department today. The prices range from \$1,288,000 each to \$1,592,700. The authorized limit is \$1,500,000 although emergency appropriations exist which will care for further expenditure.

MARRIED MEN IN N. G. WILL BE DISCHARGED

Washington, April 11.—All married men in the national guard service will be discharged if they have others dependent upon them the war office announced today.

APPOINTED TAX COLLECTOR

Judge Bell on Tuesday morning appointed W. C. Westover as Tax Collector of Westover borough, and George F. Westover, resigned.

NEVER TOUCHED HIM

"Peck" Mahaffey, of Clearfield, is employed at the Eddystone Munition plant, but was not in the department where the explosion occurred.

Street Commissioner Lee Stutler, of DuBois, transacted business in Clearfield yesterday.

Emory Shaw has returned from a winter spent in Florida.

EDDYSTONE TOLL OF LOST LIVES REACHES 150

Several Workers Are Yet Un-
accounted For And Many
Injured Died Last Night

TWO SUSPECTS ARE ARRESTED

Philadelphia, April 11.—The death toll in the Eddy stone munition plant explosion may reach 150. Many victims died horrible deaths during the night. Officials are not certain that all have been recovered from the ruin. There are several unaccounted for. Investigation is proceeding rapidly. Two men who have been under surveillance for several hours were arrested at the Pennsylvania station at Chester today. They were brought to this city. Sufficient evidence in connection with the plot was obtained to warrant the arrest of the men. Other arrests will probably follow. One of the employees had received warning and was told not to go to work Saturday or Monday. Many laughed at the warnings, however. Some who heeded it remained away an additional day and these declarations of their life probably to that.

Paul Greenko, a Russian, was arrested today. He is charged with the explosion. He was badly hurt and was taken with others to the sixth regiment armory.

Daddy's Bedtime Story—

HOW TOM THUMB WENT HOME

JACK and Evelyn clapped for daddy to begin. So he did. "When Tom Thumb got thrown out in a cow's stomach it almost seemed as if he never would get home to his daddy. He crawled and turned and pushed till he almost got out of the stomach, planning to walk home. When along came a hungry wolf and swallowed the cow's stomach in one gulp. As the wolf ran along Tom had a great fear that he was being carried away from home. So he decided that perhaps the wolf would like to talk to him and called out cheerily, 'I know a great treat for you, my friend.' 'What's that?' said the wolf, much interested. 'In a certain house—and Tom described his own home—'you can crawl through the drain into the kitchen, and then into the pantry. There you will find cakes, ham, beef, roast pig, apple dumplings and everything that your hungry heart can wish.' 'The wolf did not wait to be told twice and trotted off in the direction that Tom had described. By nightfall he had reached the house and crawled in through the drain into the pantry, where he ate a drink to his heart's desire. Soon as he was full he wanted to get away, but he had eaten so much that he could not get out through the drain the way he began in. This was just what Tom Thumb had counted upon. And now he began to make a great noise and shouted as loud as he could. 'What's that?' snarled the wolf. 'You'd better open everybody in the house.' 'You have had your frolic, now I want my dinner,' said Tom. And he began to shout and sing again. 'These soon awakened his father and mother, who looked through the crack of the door into the kitchen. They were sadly frightened at sight of the wolf, and the father ran for his ax. 'Stand behind the door, my little son!' then heard the father say to his mother. Then Tom cried out, 'Father, the wolf has swallowed me, so be careful.' Of course the parents were delighted to know that their tiny little son was home again, and soon as they had skinned the wolf Tom popped out on to the kitchen floor. 'Where have you been?' cried his mother. 'In a mouse hole, in a snail shell, down in a cow's stomach and inside of this wolf,' answered Tom Thumb truthfully. 'And now it seems time to have some frolic.' 'Then they gave Tom a good bedtime story and told him how glad they were to have him come back. And Tom felt that there was no place like home."

Jeffrey Squad Solves Difficult Haulage Problem

Because a Jeffrey Quad proved its ability to negotiate the heavy mud roads leading into a tract of timber near Erie Pa., after teams and rear drive trucks had been abandoned in despair, the Conneaut Shovel Company of Conneaut, Ohio, saved 10,000 feet of first quality white ash.

"We purchased this timber under a contract with a teaming concern to haul the logs into Erie at \$7.50 per thousand loaded on the train," says G. W. Benton, secretary, treasurer and manager of the Conneaut Shovel Company in a letter to C. W. Nash, president of The Nash Motors Co.

"The teamsters went into the woods with three big teams and worked two months. At the end of that time they had made no advancement and we were forced to loan them money to continue their contract, incidentally advancing the price per thousand to \$10.50. They finally threw up the contract.

"We then tried to sub-let the job but found that it was impossible to get anyone to undertake it. I called a directors' meeting and laid the case before them. They suggested trucks. The writer went personally to several of the big motor truck factories and asked for demonstrations. But I found that none of the rear drive units could hope to cope with the problem.

"Then I went to Kenosha and saw a Jeffrey Quad perform. In this demonstration the truck was loaded down with pig iron and driven down to where dumping from various excavations had been piled. When this field the demonstrator simply turned at a right angle to the road and the truck waddled up the curb, across the side walk, and through piles of loose earth that came up to the body. holes, over railroad ties the truck kept on its way as if this performance. But after watching the test I was convinced of the solution of our hauling problem.

"We tried the Quad on the timber we found that we could bring a Erie, we found that we could deliver to our factory for almost about that it would otherwise cost for just hauling it to Erie it on the train. In other words we effected a saving of \$7 a bringing in this timber.

"hat time this truck has been driven through the deep sand along f Lake Erie where teams were unable to load up their quota of float. We have climbed wash banks on the creeks south of here a logs where all teams, trucks and automobiles gave up in de- even drove it into a moulding sand pit where no team has ever pull a load out and where four horses are often stuck with a We backed through this pit when one end of the truck was down that the frame dragged on the sand. But the Jeffrey out without scarcely an effort."

"THE GIRL PHILIPPA"

Blue Ribbon Feature Will be a Special Feature at The Globe Theatre Thursday and Friday

The Picture That Broke New York

Theatre Records. Smashing, red blooded love drama of the Great War

THE PLAY

"The Girl Philippa," from the pen of America's greatest novelist, is a tale of two hearts told in terms of love, war, of beauty and adventure.

Aglow with color and romance—alive with movement and action—set in an atmosphere charged with secret agents, society intrigue and blood lust—the magic spell of the author's genius has woven a delightful love theme that charms and pleases.

To the strength of the author and the charm of the star add the Greater

IT HAS BEEN SAID

"The Backyard Garden Will be the First Line Trench"

You'll be less efficient in your trench without the proper equipment. You will have thousands of enemies that will "dig themselves in." Prepare! Come around and be "mustered in" with the other "rockies" that are getting their garden tools at this store. RAKES, HOES, SHOVELS, SPADING FORKS, HAND WEEDERS, ONION HOES, TRENCHING SPADES, MANURE FORKS.

Mostly KEEN KUTTER tools—the kind that we can personally guarantee and be glad when we sell you one.

House-Cleaning Sale of Rugs and Curtains

A Rug Display Unusual---At Prices Providing Surprising Values. (In the Basement.)

An additional space has been allotted to this display of rugs. And we've seen to it that the values are such as to command the interest of every home lover—particularly those who want to secure the very best rug possible at the price set aside for its purchase. Practically all sizes are involved and include Wiltons, velvets, Axminsters, Body Brussels and tapestry. Among the most notable values are the following:

Room size rugs from \$6.75 to \$25.00

A 3x6 Foot Axminster Rug at \$2.95

This is a size rug that always fits in a bare spot and can be used in any part of the house. The colorings are soft, rich and pleasing. Heavy nap and give splendid service.

9x12 Foot Seamless Velvet Rug at \$19.95

This rug is one of the finest examples of American weaving we've seen in many a day. They have no superior. Extra hard woven finish and designed to give lifelong service. The designs portray the patterns of the very highest priced rugs made. Some are in rich, plain colors with just a border in contrasting shade.

Curtains Add To The Attractiveness of Your Window

Bare windows have a very uninviting appearance. They seem to make you feel as if the people inside are "cold" and that your visit might not be welcome. So really, a pair of curtains at the window—it matters not how simple the design—adds warmth and attractiveness to your home. When you can buy scrim curtains for as little as 75c a pair or plain voile curtains with just a simple design for as little as \$1.50 a pair, it should be a very simple matter to have your window drapings in harmony with your ideas. Curtains of finer grades including panels, trimmed with real lace \$2.50 each

Sheer Mercerized Voile Curtains

at \$1.75 the pair

The size is 2 1/2 yards long and about 38 to 40 inches wide. Edged with cluny pattern lace, real hand-drawn work and a medallion forms the border design. May be had in white.

Scrim Curtains 2 1-2 Yards Long

\$1.00 the pair

Very serviceable curtains and especially so where they need to be changed often and laundered. Splendidly made in every way; edged with novelty and cluny lace producing a very attractive effect.

Wayne Cedar Wardrobes

for furs, dresses, coats and suits are tight, moisture, moth, germ and dust proof. The ing device keeps out dust and moths. Prices from 50c

A. W. LEONARDSON CO

Vitagraph's power of presentation, which is backed by twenty years of "knowing how," and you have a film that is unbeatable from every angle of entertainment.

"The Girl Philippa" is fragrant as the wild rose. The tempo is like the speed fire of a machine gun. The story plays the music of the heart.

THE STAR

A mere slip of a lass, a whole-ome, sprightly-charming wood violet? How else can one typify Anita Stewart?

Radiating the spirit of joy and naturalness—imbuing all her portrayals with that subtle quality of "soul"—Anita Stewart's characterization of "The Girl Philippa" reaches the highest point of her dramatic achievement.

She has beauty—she has poise—she has magnetism. She is dainty in manner—poised in action—and finished in performance. Her wide range and control of delicate emotions—her ability to register her feelings and thoughts so as to convey them across the screen, her rare grace of body and her finely chiselled features, not only make her the ideal Philippa, but America's most popular heroine.

FOR CORONER

We are authorized to announce the name of H. H. Lewis, of Surveyor, Girard township, as a candidate for coroner of Clearfield county, subject to the rules governing the Republican party at the coming fall primaries. P. O. Address, Surveyor, Pa.

Advertise in the Progress

Low Shoe Cods Not in Sight

Service in a shoe store is something more having a clerk take a pair of shoes from the rack and put them on your feet. To us it is not alone in fitting customers properly but keeping them informed as to style and price changes.

And so we feel it is our duty at this time to you that indications point to a continued scarcity of leathers and the possibility of higher prices.

We have no further object in telling you than to advise those in need of shoes to take advantage of the low prices which prevail now, rather than to wait a little longer and perhaps be obliged to for further increased costs in good shoe manufacture.

Such is our idea of a modern shoe merchant
